1. SysInfotools OST to NSF Converter

2. Overview

SysInfoTools OST to NSF converter is a fast and reliable solution to convert offline Outlook OST files to Lotus Notes format. The OST to NSF Converter tool is one such exclusive utility that incorporates intelligently developed conversion algorithm clubbed with an interactive interface to convert OST files into IBM Notes NSF format. The Outlook OST to Lotus Notes conversion tool performs the seamless conversion of all the mail items like Mailbox, Contacts, Calendar, Task etc. with all their metadata, attachments, and internet header safely.

Key features of SysInfoTools OST to NSF Converter Tool are:

- The OST to NSF converter supports the seamless conversion of **normal as well as corrupted** OST files.
- Performs an **intensive scan** of selected OST files and shows all the recovered mailbox items in the left pane.
- Allow the users to have **Preview** and in-depth **Search** option to ease the conversion process
- Expedited with three different recovery modes: **Standard, Advanced** and **Deep**.
- All the data of an OST file can be saved into a new NSF file at a **user-defined location**.
- The Software supports **ANSI** and **Unicode** OST for conversion into the NSF database file.

- **Free** OST to PST Converter migrates the **first 25 emails** of Outlook to Lotus Notes.

3. Getting Started
